STONE & WEBSTER ENGINEERING CORPORATION
P. O. Box 271, Gardena California

April 10, 1943

Mr. George Melissarato
Defense Plant Corporation
Pacific Mutual Building
Los Angeles, California

Dear Sir:

The enclosed prints of Plan No. FS 204 show the location of a 10 ft. pipe line easement diagonally crossing the 100 ft. right-of-way of the Los Angeles City Bureau of Power and Light that will be necessary to acquire for the 6 in. Fuel Oil Pipe Line to be constructed 3 ft. underground from Vermont Avenue to the Dow Chemical Company property.

The balance of pipe line easements necessary to acquire from the said Power Bureau for offsite pipe lines is shown on your prints of Plan No. FD 164 as follows: All of Parcel "B" along the easterly side of Dominguez Channel, that portion of parcel "F" diagonally crossing the 100 ft. power line right-of-way on the westerly side of Dominguez Channel, a 10 ft. strip crossing the power line right-of-way in Avalon Boulevard between parcels "B" and "C" and a 10 ft. strip crossing said right-of-way in Avalon Boulevard between parcels "D" and "E".

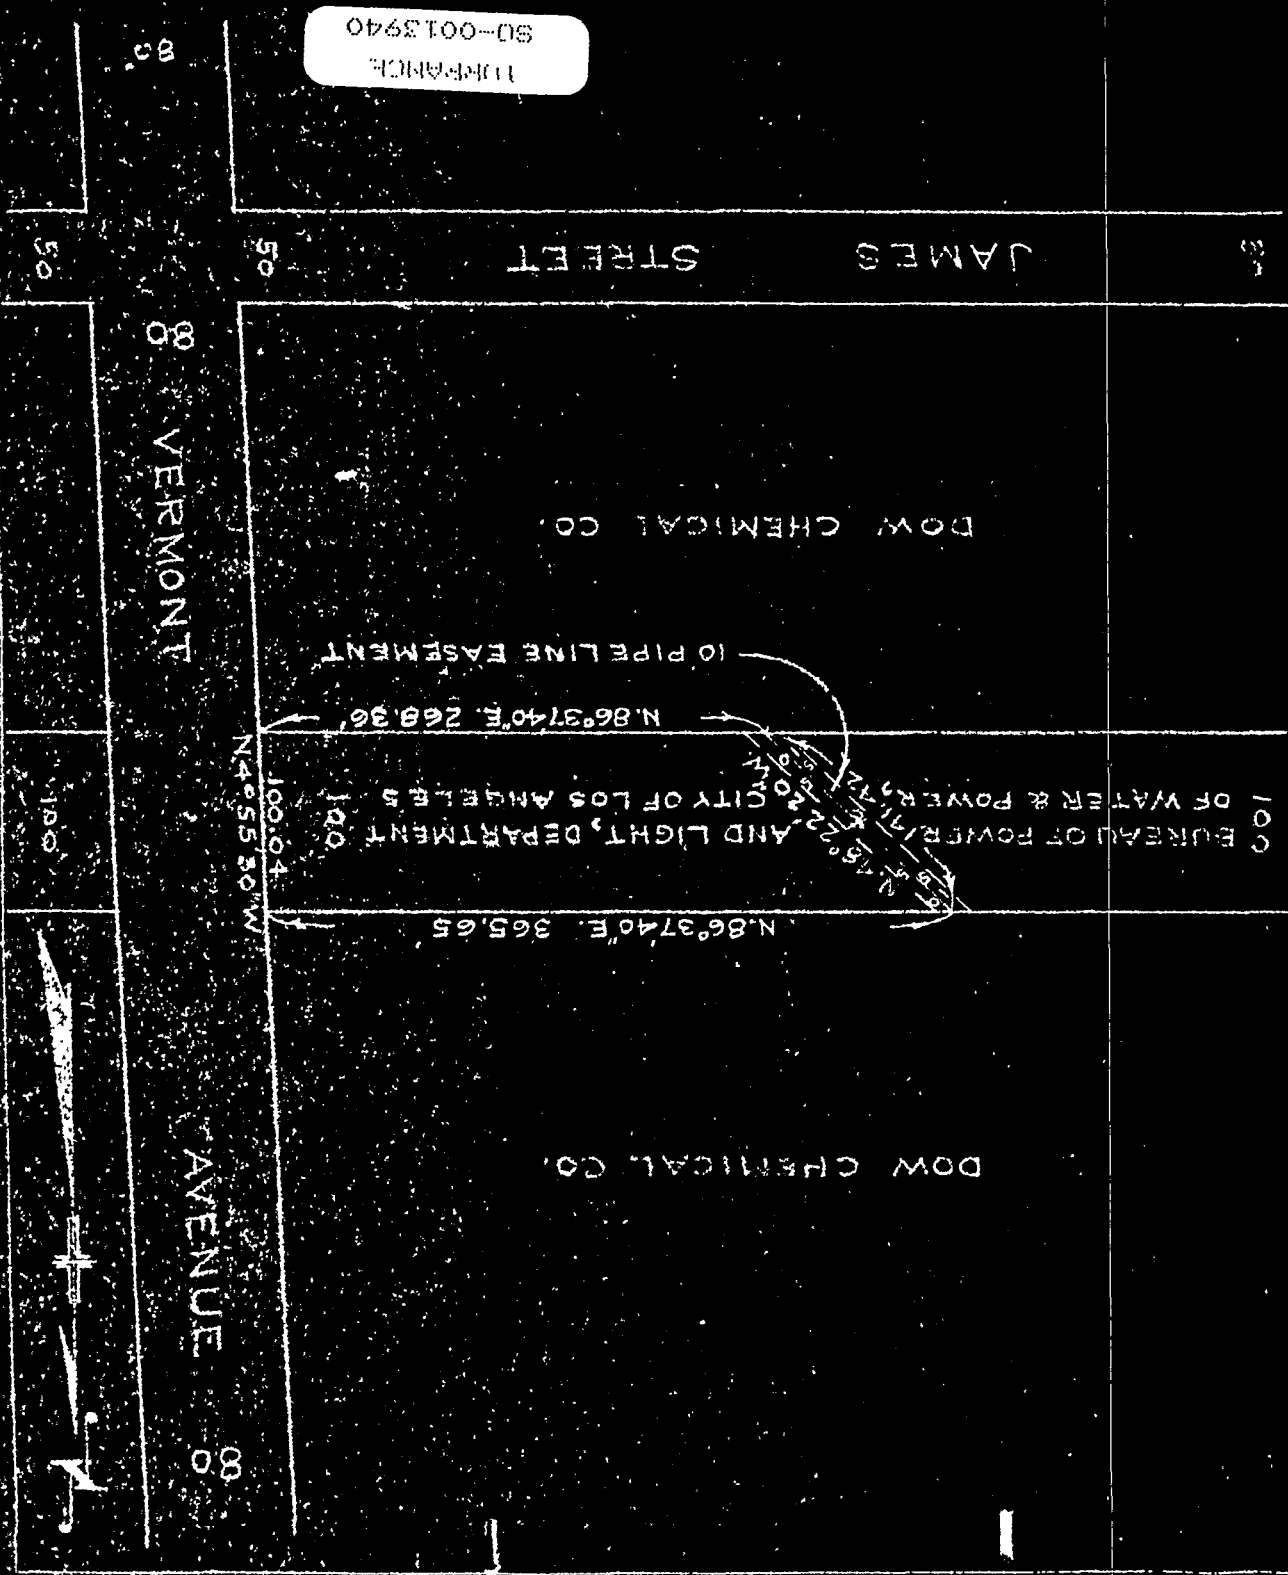

Yours very truly,

H. C. LaVille
Superintendent of Construction
